

Fire Safety Picture Bingo

Ages: 3 to 8. Great for open houses, story times, classroom visits, and Fire Prevention Week.

What's inside: 30 different bingo cards (2 per page), calling cards with a fire safety fact for each picture, and this page.

Setup: Print the cards on card stock if you can. Cut the calling cards apart and put them in a helmet or a bucket. Give each player a card and some markers (paper squares or bingo daubers work great).

How to play: Draw a calling card and show the picture. Read the safety fact out loud. Players with that picture cover it. The FREE star is already covered.

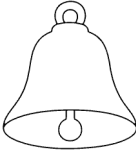

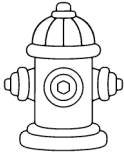

Winning: Three in a row (across, down, or diagonal) wins. For a longer game, play for four corners or a full card.

Make it stick: Ask the winner to tell everyone one safety fact they heard during the game!

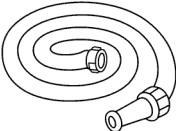

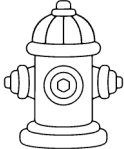

Fire Safety Bingo

Card 1

		
Fire Station	Boot	Bell
		
Fire Engine	FREE	Fire Hydrant
		
Dalmatian	Kitten	Frieda

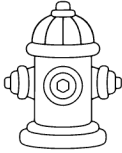

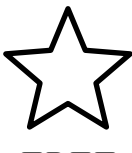

Fire Safety Bingo

Calling Cards (cut apart)

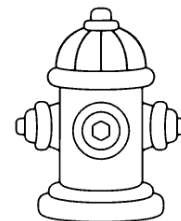

Helmet

A firefighter's helmet is a hard hat that protects their head.

Fire Engine

A fire engine carries water and hose, and pumps the water out.

Fire Hydrant

Firefighters hook their hoses to hydrants to get water.

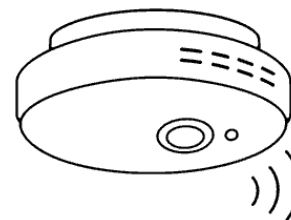

Dalmatian

Firehouse stories say Dalmatians ran beside horse-drawn fire wagons long ago.

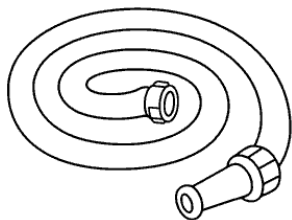

Boot

Firefighters wear tough boots to protect their feet.

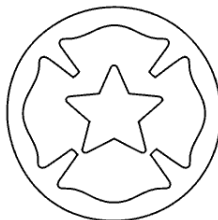

Smoke Alarm

Test your smoke alarms once a month with a grown-up.

Fire Hose

Fire hose comes in long sections that firefighters connect together.

Badge

A badge shows that someone is part of the fire department.

Freddy

Freddy knows to get low and go under smoke.

Frieda

Frieda knows to stop, drop, and roll if her clothes catch fire.

Fire Station

Many firefighters eat, sleep, and train at the fire station.

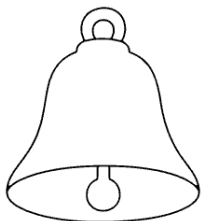

Kitten

If a pet is still inside, tell a firefighter. Never go back in.

Calling Cards (cut apart)

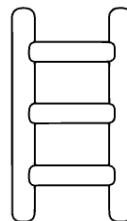

Bell

Long ago, fire stations rang bells to call firefighters.

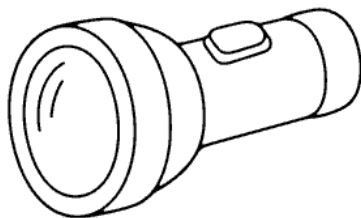

Radio

Firefighters use radios to talk to each other.

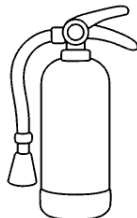

Ladder

Some ladder trucks have ladders that reach 100 feet or more.

Flashlight

Keep a flashlight by your bed in case the lights go out. In a fire, don't stop for anything. Just get out!

Extinguisher

Fire extinguishers are tools for grown-ups only.

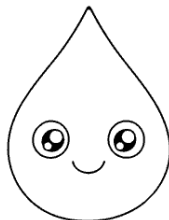

Gloves

Firefighters wear thick gloves to protect their hands.

House

Know two ways out of every room in your house.

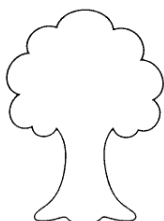

Water Drop

Firefighters use water to cool down a fire.

Captain Gus

Gus puts on his mask before he goes into smoke. A firefighter in a mask is a friend. Don't hide!

Tree

Pick a meeting place outside, like a big tree.
